

A passion for flying across the water.

Trident
Studio Makers of Museum Grade Half-Models

The sailors who spend countless hours painstakingly designing and building the most exciting sailboats in the world have fast-moving water thundering through their veins.

And it shows in the boats they craft and deliver. The 12 Metre class knows this only too well.

They also know that a photo of that craft is one thing... but that owning a true replica of that boat and that exact hull speaks volumes in ways that nothing else can.

Which is exactly why we do what we do at Trident Studio... at the level that we do it. Quality. Unshakeable Elegance. Technical Accuracy. Class

Makers of Museum Grade Half Models since 1972. We craft models of your boats at a level that you expect.

12 Metre World Championship Special Editions exclusive for owners and crew.
